6 COMMENTS

CAUTION: Assess shape of limb and ensure sufficient padding is used to protect vulnerable areas. easywrap Strong fabric should not be used on ankles under 18cm. For ankle measurements under 18cm apply enough padding to bring the ankle measurement to above 18cm. For ankles between 18cm and 22cm easywrap Strong should only be applied after specialist referral and under supervision. For ankles under 18cm easywrap Light may be used after specialist referral and under supervision.
